Dictation companion sheet

Use this sheet with the Dictation tool. Your teacher plays a word, phrase, or verb form from the Vocab, Verbs, or Modismos tab — listen, then write exactly what you heard on a numbered line. There is no answer key for this sheet: the answers are the words that were played.

Name: _____ Date: _____

Dictation is listening practice: the ear has to catch the word before the hand can write it. Work one set at a time. Listen to the whole word first, repeat it silently, then write. If you miss one, leave it blank and catch the next — you can return to it in the retry round.

Write any words you missed here, then try them again in the Dictation tool.

F. Reflection

Answer in English or Spanish.

1. Which tab was hardest — Vocab, Verbs, or Modismos — and what made it hard?

2. Pick one word you missed. Write it here, say it aloud three times, then write it once more from memory.

3. What listening trick will you try next time (for example: listen for the ending first, or repeat the word silently before writing)?
