Welcome and Quick Start

Vocabulario Español turns vocabulary practice into exploration. Students walk around a round, open world, find floating vocabulary cards, and collect them. Each card shows a picture, the Spanish word, and its English meaning. The game includes **1,000 Spanish words**: nouns appear with their article (el or la), so students learn gender along with each word, and verbs appear as infinitives such as *caminar* (to walk). The game was created by a classroom teacher for his own students.

> **The story hook: El Glosario Perdido**
> The game opens with a short story: students are the keeper of a great glossary whose pages scattered across a strange, quiet planet as glowing vocabulary cards. Their mission is to find the cards and complete the glosario. Read it aloud to launch your first lesson.

Quick start (3 steps)

- Open https://pollitoproductions.github.io/vocabularioespanol/ on a laptop, Chromebook, tablet, or phone in a modern web browser.
- Press **Start** for a new game. Students can read the story, then press Enter to begin.
- Students walk up to a card and press the collect key to add it to their inventory. Open the menu to review collected cards.

Controls

Action	Keyboard
Move	**W A S D**
Look around	**Arrow keys**
Collect a card (Acción)	**SPACE**
Levitate (Levitar)	**ENTER**
Sprint (Correr)	**F**
Menu (inventory, sound, save)	**M**

Touch screens: use the left side to move and the right side to look. Sprint and levitate use stamina, which recovers when students stop using them. They cannot be used at the same time.

Classroom tips

- **Saving:** progress is saved in the browser on that device. Have students open the menu and save before class ends, then use **Continue** next time. On shared devices, students may overwrite each other's saves, so assign devices or use the Collector's Log (Worksheet 2) as a backup record.
- **Sound:** the game has relaxed background music. Use headphones or turn the volume down in the menu.
- **Privacy:** students do not need an account. The game page itself does not show ads. Some information pages on the website may show advertising, so students should stay on the game page during class.
- **Test first:** run the game on a sample device, in the browser your students use, before the lesson.

What Students Learn

The game has 1,000 cards. These are the main themes and the worksheets that practice them.

Theme	Sample cards in the game	Worksheets
Noun gender	el libro, la ventana, el árbol, la flor	3, 8, 16
Numbers and math	uno, cinco, diez, cien, más, menos	4
Countries	México, Perú, Chile, España, Cuba	5, 6
Colors	el rojo, el azul, el verde, el marrón	7
Animals	el perro, el delfín, el águila, la mariposa	8
Verbs (infinitives)	caminar, comer, leer, vivir	9, 14
Jobs	el doctor, la doctora, el artista, la bombera	10
Food	la manzana, el pan, el queso, la zanahoria	11
Weather and nature	la lluvia, el viento, la nieve, la nube	12
Directions	arriba, abajo, izquierda, derecha	13

Language notes for teachers

- Colors appear as nouns with **el** (el rojo, el naranja). In everyday Spanish, colors are usually used as adjectives without the article. You can point this out to stronger students.
- Job cards come in masculine and feminine pairs, such as el abogado / la abogada. Some jobs use the same word for both (el artista / la artista). Worksheet 10 targets both patterns.
- Worksheets 10, 11, and 14 introduce **Quiero** (I want), **Me gusta** (I like), and **Quiero ser** (I want to be) as fixed phrases with an infinitive or noun. You do not need to teach full conjugation.
- Direction instructions on Worksheet 13 use the pattern "number + direction word" such as *dos abajo* and *tres derecha*.

Lesson Plans

Plan A: One-period introduction (45 to 50 minutes)

- **Warm-up (5 min):** Read the El Glosario Perdido story aloud. Ask: Why would a glossary be missing its pages?
- **Launch (10 min):** Demonstrate the controls from the projector (Worksheet 1, Part A). Students fill in the control table.
- **Explore (20 min):** Students play and record cards on the Collector's Log (Worksheet 2). Goal: 10 cards.
- **Practice (10 min):** Worksheet 3 (El or La?) or Worksheet 15 (Scavenger Hunt).
- **Exit ticket (5 min):** Worksheet 17.

Plan B: Five-day mini-unit

Day	Focus	Worksheets
1	Launch, controls, first cards	1, 2
2	Gender and numbers	3, 4
3	Countries and colors	5, 6, 7
4	Verbs, jobs, and sentences	9, 10, 14
5	Scavenger hunt, quiz, reflection	15, 16, 17

Plan C: Centers, early finishers, and sub plans

- **Game center:** pairs take turns exploring while the partner records cards in the Collector's Log.
- **Early finishers:** Word Search (6), Colors (7), or Directions (13).
- **Sub plan:** Worksheets 1, 2, and 15. The substitute only needs to share the link.
- **Homework:** students can play at home using the same link. Assign Worksheet 15 or 17.

Differentiation, Assessment, and Standards

Differentiation

- **Beginners:** stay near the starting area, where the simplest words are. Use word banks and complete worksheets with a partner.
- **Advanced learners:** explore farther for less common vocabulary. Skip the word banks, write full sentences, and add sketches to the Collector's Log.
- **Multilingual learners:** the card pictures give a visual anchor. Encourage students to add a home-language word in the Collector's Log margin.
- **Accommodations:** allow oral responses, reduce the number of items, or let students type answers. The game supports looking and moving at a self-chosen pace.

Assessment

Use Worksheet 16 (20-point quiz) for a summative check. For formative assessment, collect the Collector's Log and use this quick rubric.

Score	Collector's Log
4	15 cards recorded, correct spelling, correct el/la, clear sketches
3	10-14 cards, mostly correct spelling and el/la
2	5-9 cards, some errors
1	Fewer than 5 cards, or many errors

Standards connections

This pack supports the ACTFL World-Readiness Standards for Learning Languages, including **Communication** (interpretive and presentational modes), **Cultures** (countries and regions), and **Comparisons** (how Spanish noun gender and verb endings differ from English). Check your own state and district standards for exact alignment.
